

PENTAGON PLAY

Case Study

CUSTOMER COMMENTS

"Right from the first point of contact Bristol Storage were so helpful, they have been very accommodating throughout the whole process.

George had good product knowledge, and we love the fact that Bristol Storage are local.

The fitters did a fantastic job too, they were SEIRS registered and all had CSCS cards so i had total confidence in them to get the job done to a high standard, and they did."

JAMES COLLINS-PRITCHARD, DEPOT MANAGER

LOCATION

Thornbury, Bristol

THE COMPANY

Pentagon Play have been transforming playgrounds into enthralling outdoor learning environments since 1998. Pentagon inspire learning through play, and are specialist in making school play ground equipment stimulating and challenging for children. Their wide range of play equipment has been specifically designed to develop key skills, whilst making children's learning experience fun.

PROJECT BRIEF

*Salesperson: George Ives
george@bristol-storage.co.uk*

Bristol Storage were contacted by James at Pentagon Play when they had acquired a new warehouse in Thornbury, to accommodate their ever growing business. We were asked to supply deliver and install carpet racking, small parts shelving and some plastic packing boxes to store all their products from AstroTurf to wood. Bristol Storage were able to provide Pentagon Play with a competitive quote and as a result won the contract.
