

NISSIN UK

Case Study

CUSTOMER COMMENTS

"BSE UK were the only company I went to that could deliver the lead time we needed, the job ran smoothly and everything was installed within the time frame promised.

I was very impressed with the responsiveness and knowledge of the salesman, I would always have the answer to my questions within the same day.

We have already had BSE UK back to complete rack inspections at all 3 of our sites. Going forward I would use BSE UK as a preferred supplier within Nissin UK."

TOM WILSON, HEALTH & SAFETY MANAGER

LOCATION

Swindon, Wiltshire

THE COMPANY

Nissin (UK) Ltd. are owned by the Nissin Corporation based in Japan. A London branch was opened in 1975 and in 1983 it became an independent subsidiary. Nissin (UK) Ltd. established operations in Swindon, West Drayton, and Rugby. Nissin's traditional business in Air & Ocean Freight Forwarding, Customs Brokerage and Warehousing has provided a solid background to enter the increasingly dynamic global transportation markets, with services such as third party logistics and supply chain management.

PROJECT BRIEF

Salesperson: *George Ives*
george@bristol-storage.co.uk

BSE UK were contacted by Nissin UK as they had a new customer that needed 1000 pallet location in less than 2 weeks. BSE UK were able to supply and install within the time frame thanks to holding a good level of stock.
